Ecclesiastes 2:18-26

Pastor Adam Fix

Read Ecclesiastes 2:18-26 (Groups: read it twice with different readers)

If you have positive memories of your childhood, what are they? Compare those memories to what you thought may have been important at the time.

How does your answer to the previous question impact how you make decisions and set your priorities?

Why is the Preacher frustrated as he reflects on parts of his life up until that point?

Read Proverbs 13:22. How can this verse and the truth of Ecclesiastes 2:18-19 be understood in harmony?

God is not mentioned between Ecclesiastes 1:14 and 2:23. Why do you think that is the case? How does that put particular weight on the gifts of God in this life?

What is the Preacher's conclusion about enjoyment in life? How can you approach the daily events of your life with the proper perspective?

How do we live to please God?
