How would you describe your successes and struggles with a daily routine of prayer?

What broader categories do you see Jesus praying in? How can you make sure to incorporate similar themes in your regular prayers?

Read Galatians 4:6. How does your adoption as a son or daughter of God open up your prayer life? Do you find it challenging to relate to God in an intimate way? If so, what promises from Scripture can help you know God as a loving Father? Read Romans 8:15.

What does the coming of God's kingdom mean and what does it bring? Of all the things Jesus could have chosen to teach his followers to pray for, why do you think he focuses our attention on the kingdom?

How does our forgiveness from God relate to our forgiveness of others in verse 4? Read Matthew 18:21-35.

What is one way you can strengthen your prayer life this week? Will you commit to taking and following through on this step? Who can you ask to encourage you in this?
