## SERMON NOTES

### SERMON QUESTIONS

*Read Proverbs 5 slowly and deliberately (Groups: read it twice with different readers)*

*Why does the Bible address sexual intimacy, temptation, and purity? What do we miss if we skip passages such as this because we find them uncomfortable?*

*Which women are forbidden to a man or which men are forbidden to woman? How is it a grace from God to point our sexual desire toward one person?*

*Why is sexual sin so grievous to God? How does God treat those who sin through sexual immorality, but repent in the name of Jesus? Read 1 Corinthians 6:9–11.*

*What do wise Christians do to pursue holiness where there is sexual temptation? There are two particular directions to run in these verses—away from one thing and toward another—what are they?*

*What can and should you do if you are giving in to sexual temptation? Read 1 Corinthians 6:18–20. Why is help from others in accountability, prayer, and counseling valuable? What other practical steps do you need to take to flee temptation?*

*Read verses 21–23 again. What are the consequences of ignoring the wisdom of Proverbs 5? What is the promise of the Gospel if you bring sin into the light?*
