## SERMON NOTES

### SERMON QUESTIONS

*Read Proverbs 3:13-35 slowly and deliberately (Groups: read it twice with different readers)*

*Think of a time where you knew what was wise, right, or good, but ignored your better judgment and made a different decision. How did things turn out? How did this experience help you see God's good gift of wisdom?*

*Why is it important to see that wisdom is first from God? How does worshiping him as the originator and ultimate display of wisdom shape our understanding of where wisdom is found?*

*Read 1 Corinthians 1:30. How does Christ become wisdom to us? How does life in Christ lead to peace and security, even in the midst of uncertainty?*

*Read James 4:6. This is one place where the New Testament writers pick up Proverbs 3:34. Why is God's grace towards the humble? What does humility have to do with receiving grace?*

*Who are your immediate neighbors and who are those that may live in other places that God is calling you to bless as you would bless a neighbor? How can you apply yourself to serving someone in a meaningful way this week?*

*Read Galatians 6:10. How does this help us in applying Proverbs 3:27?*
